A LOCAL *Ontario food* EXPERIENCE

## Introducing Triple Cord Mennonite CSA hosted by Culinarium

At Culinarium it is our mission to connect you, concerned, conscientious eaters with good clean Ontario grown food. This year we are pleased to team up with the Triple Cord Mennonite Community of farms to bring you a 22 week CSA (Community Shared Agriculture) program. CSA's are a great way to shorten the food chain and ensure your dollars are going to support a small family farm. That farm community, in-turn, shares with your family a season of bountiful fresh grown produce, nurtured into being with passion, love and care.

The Triple Cord Mennonite group is a collection of 22 Mennonite families from Elgin County that have been growing together organically and sustainably for the last 15 years. With Culinarium's help they can now bring their produce directly to your table.
